

WHERE HAVE THE WILD THINGS GONE?

2014

FALSE START MONKEYS

Object:

The object of this game is NOT to end up with the monkey at the end of the tournament! It's a bit like 'hot potato'. Each team with the monkey for their division at the end of racing Sunday will be one of the False Start Monkeys of 2014!

~Don't forget to stay to have your picture taken with the other 2014 False Start Monkeys after the tournament~

Rules:

- Each division will have their own monkey.
- The first team in each division to false start will be given the monkey.
- A team can only get rid of the monkey if the team they are racing false starts.
- If both teams false start the monkey cannot be passed.
- In combined division racing, monkeys may be passed from one division to another.
- Teams may choose to either wear/display the monkey or it can be hidden.
- Teams may not pass the monkey to another team if they do not bring the monkey to the lanes.
- The monkey should be passed after the race is over and may be passed to any member of the other team so as not to interrupt the flow of racing.
- Teams that were unable to get the monkey off their backs will be the GDG 2014 Where the Wild Dogs Are False Start Monkeys!!!
